GRAND MIRRORS

The leading global mirror company, designs and manufactures premium quality lighted mirrors for hotels, salons, and restaurants, as well as for residential projects.

Our ongoing research and development make Grand Mirrors thinner, brighter, and easier to install than ever before.

Every day, we are driven to deliver the highest quality mirrors, equipped with the latest features and technologies to our customers in the US and around the world.

WHY A LIGHTED MIRROR MAKES SENSE?

People who have one, know why, and they will never use a regular mirror without light anymore.

When the light is integrated in the mirror, you will have a clear view without shadows on your face because the light is directed towards you.

You don't need to worry anymore where to install expensive light fixtures in your bathroom or salon, because a Grand Mirrors lighted mirror will always provide the perfect light when you look in the mirror

OUR PRODUCTS

LUX

With Grand Mirrors LUX, the mirror is the center point of your bathroom that you will use and enjoy for many years to come. Fully made-to-measure with a wide variety in LED layouts, and choice of LED colors. Grand Mirrors LUX will fit and upgrade every bathroom.

lumière

Grand Mirrors LUMIÈRE creates a beautiful mirror with its frosted edges. With up to 76mm wide frosted part, the light spreads evenly all around the mirror and goes through the front and back that provides indirect light to the bathroom. It is made to any size that gives an extra dimension to bathroom, hotels, salons, and much more. With our CNC computerized mirror cutting machines, the glasses are built with extreme precision and can create the mirrors exactly in the size and shape you want.

ECLIPSE

Grand Mirrors ECLIPSE is the perfect choice for a backlit bathroom mirror, thanks to its evenly dispersed LED light that radiates from the back of the mirror. Not only does it provide a beautiful reflection, but it also casts a soft, indirect illumination throughout the bathroom, enhancing the atmosphere and overall ambiance.

CORPORATE OFFICE

Professional

Founded in 2001, we bring two decades of experience in the mirror and technology industry. With Grand Mirrors, we offer highly customizable mirror solutions, allowing you to unleash your creativity and design your business premises exactly the way you envision it.

Hospitality

Trusted around the world, Grand Mirrors is the preferred bathroom mirror supplier of hotels, resorts, high-end condominium projects and much more. With countless hospitality projects completed over the past decade, Grand Mirrors continues to innovate new styles and technologies and make mirrors more stylish and useful in any bathroom.

CUSTOMIZED MIRROR

More than just a reflective sheet of glass, mirrors are the centerpiece of a space. Be it an office, a living room, or even a bathroom, having the right mirror on display can truly bring everything in the room together - making the spaces you inhabit a pleasant experience for yourself and for everyone who passes through.

But what do you do when, after searching and searching, you just can't find the mirror that's perfect for you? What do you do when, forget the style, you can't even find a mirror that can fit where you need it to?

We at Grand Mirrors believe in making mirrors that are made-to-measure, tailoring every item we produce to suit your needs - all while still being unbeatable in quality and value for money.

ANY SIZE, ANY SHAPE

With our high precision automatic class cutting machines, we can reproduce any shape you want with extreme accuracy and sizes up to 7 meters x 2.44 meters.

FLEXIBLE QUANTITIES

Grand Mirrors is very flexible. We accept orders in any quantity and size. So you can order 1 mirror or 1,200 mirrors, you are welcome at Grand Mirrors.

PERSONALIZED ADD-ONS

Looking for more from your mirror? Explore our wide range of add-ons that elevate your mirror from a stunning centerpiece to a cutting-edge solution you'll enjoy for years to come.

Be sure to check our website for a complete list of available add-ons and what mirrors they can be added to.

BEVELLED EDGES

Our expertly crafted bevelled edges, which are available on the majority of mirrors with bevel widths up to 2.5cm, will enhance the elegance of your mirror.

NIGHT LIGHT

Our under-the-mirror night light, which is discrete, will brighten your room. This useful addition improves the atmosphere of your environment by incorporating a concealed sensor.

CUSTOM CUT-OUTS

Experience precision with our custom cut-outs made to fit light or tap fixtures. We guarantee a perfect fit for your mirror, crafted with remarkable accuracy using innovative CNC technology.

DEMISTER

Install a demister in your mirror for a crystal-clear, spotless reflection even after a hot shower. To fit your mirror's dimensions, choose from a variety of shapes and sizes.

Demister Power Consumption:
15 W/sq ft (160 W/m²)

FRAMES

Choose from our wide range of Stainless Steel and Black Walnut wooden frames, created to suit a variety of tastes, to improve the visual appeal of your mirror.

STAINLESS STEEL BRACKETS

For a secure mounting solution for a countertop or ceiling mirror, choose one of our strong stainless steel brackets, which come in a variety of designs. Please contact us for more information.

ROUNDED CORNERS

Rounded corners on a bathroom mirror enhance safety by reducing injury risks, provide a modern aesthetic that complements contemporary designs, and increase durability by minimizing chipping or cracking.

TOUCH CONTROL

With our simple touch control, you can easily adjust the settings on your mirror. Simple brightness, colour, and programme adjustments while maintaining customised preferences. Touch control, which is compatible with all Grand Mirrors products, provides an effortless user experience.

LOGO

Add an illuminated logo to your mirror to make a lasting impression. It's a perfect feature for offices, restaurants, spas, and barber shops.

AURA

Grand Mirrors AURA combines elegance and technology with a sleek LED band design, available in different shapes, offering a radiant focal point and unmatched lighting. Its slim 10mm design provides precise illumination, ideal for grooming and skincare.

OUR TECHNOLOGY

With all of the lighted mirrors on today's market, it's easy to wonder what exactly the difference between all of them is. What makes a sheet of glass so special? Is it in the lights? The shine? Here at Grand Mirrors, what separates us from our competitors is our dedication to you, our clients. We want only the best of the best reaching you and that means we're continuously innovating to make sure you get an investment you'll enjoy for years and years after.

Here are just a few of the many technologies we've developed over the years to ensure that every mirror is truly a Grand Mirror.

Grand Mirrors is not just another bathroom mirror.

WHY GRAND MIRRORS?

GRAND MIRRORS

OTHER MIRRORS

MADE-TO-MEASURE

Custom mirrors made to your precise size specifications are available from Grand Mirrors. The extreme precision with which each mirror is crafted is guaranteed by our computerised CNC cutting machines.

LIGHT TECHNOLOGY

Captured LED Light: Grand Mirrors have a special lighting system that captures light on the sides and the back of the mirror, making it up to three times brighter than other mirrors. Grand Mirrors products, as opposed to decorative mirrors, offer beautiful and functional lighting.

Equal Light Distribution: Diffusers are installed on our mirrors to distribute light across lit areas uniformly, providing a high-quality, lovely, and effective lighting experience.

THINNEST

Compared to other mirrors thicknesses of 35mm to 60mm, Grand Mirrors lighted mirrors are remarkably thin, measuring only 10mm behind the mirror.

(Note: Each model's thickness varies.)

GRAND MIRRORS

OTHER MIRRORS

ELECTRICAL SAFETY

Unlike mirrors directly powered by 110 or 220 volts, Grand Mirrors products use 24 volts power supplies to ensure safety in the bathroom. Why risk safety when you can have a 24 volts mirror that is completely secure?

SECURITY FILM

On the back of every Grand Mirrors is a security film that keeps sharp, potentially harmful mirror pieces from falling to the ground in the unlikely event of a break. Grand Mirrors are suitable for professional use, such as in salons and hotels, thanks to this safety feature.

SECURELY WALL MOUNTED

Grand Mirrors are supplied with two lengthy wall mount rails for a solid wall connection. Many comparable lighted mirrors only provide top-hanging construction, which can be shaky and dangerous.

MIRROR GLASS QUALITY

We use the best mirror glass we can find to create our mirrors, which provides the best reflection. You'll benefit from Grand Mirrors as a worry-free investment for many years to come.

LIGHT OPTIONS

Grand Mirrors integrates a light transfer technology, which causes the light to be directed right towards you resulting in a very effective light that is up to 3 times brighter than other mirrors.

Choose from Warm, Cool, True Light, RGBW, or Philips LEDs.

For the Warm, Cool, True light, and RGBW have wireless dimmers available. You also have the option to add Philips LED lights with dimmers.

SMART PHONE CONTROL
(Standard RGBW LED only) Simply download the App and instantly control the colors and brightness. You can also choose from different programs that best suits you.

GRAND MIRRORS TRUE LIGHT TECHNOLOGY

With True Light Technology, you don't need to choose between cool and warm light anymore.

Getting ready for your day at work? The cool tone simulates the light in the office, while the warmer color will represent the color for a night out.

Do you want to match the light exactly with other lights in the bathroom?

Choose from the full spectrum between 2700K and 6200K and quickly set the color and brightness with the wireless remote control.

TOUCH CONTROL 430

Easily control your lighting with our Touch Control 430 remotes, included with every purchase of a Grand Mirrors True Light product.
